

# HPP™

## Hydraulic Power Packs

Rhino® Hydraulic Power Packs are designed for professional users who expect maximum operating time, low service cost and durability. Rhino Power Packs are the power source companions for Rhino's hydraulic tools. The Rhino® HPP 13 Flex™ and HPP 18V Flex™ have adjustable flow to supply a wide range of attachable tools.

Rhino Hydraulic Power Packs are easy to operate, provide more power and low fuel consumption. Both units are light, compact and with their extending handles are easy to transport.

- **Sturdy retractable transport handles can be used for lifting.**
- **Small footprint allows for compact loading in small vehicles.**

Rhino® HPP 13 Flex and HPP 18V Flex can be used with all Rhino Hydraulic Tools as well as other hydraulic tools.
